Victoria Falls, Zimbabwe

Resting on the southern banks of the Zambezi River at the western end of the eponymous falls, this popular tourist town is compact enough to walk around and makes an ideal base for travellers exploring the seventh wonder of the world, the unfathomably vast Victoria Falls. About two thirds of the falls can be viewed from the Zimbabwean side and, while the falls are undoubtedly the star attraction, the area provides both adventure seekers and sightseers with plenty of opportunities to warrant a longer stay. Popular activities include scenic flights over the falls in helicopters or micro lights, bungee jumping off the Victoria Falls Bridge, white-water rafting (seasonal), and day trips to Chobe National Park. The town itself offers some excellent accommodation and restaurant options as well as an eclectic variety of African curios and authentic art sold by friendly Zimbabwean locals who are wonderfully welcoming and eager to help you enjoy your stay.

Overnight: Gorges and Little Gorges [View iBrochure](#)

Gorges and Little Gorges is a mere 30 minute drive from Victoria Falls town and offers a unique Victoria Falls experience from a peaceful and idyllic base on the edge of the Batoka Gorge - a perfect choice for your Victoria Falls safari adventure!

At Gorges you can relax away from the hustle and bustle of Victoria Falls town - our peaceful guest accommodation is nestled in a landscaped garden that makes walking to your room a joy, and our staff are renowned for their warm hospitality.

Gorges is famous for its spectacular views, described by some as the best in southern Africa; whether you are enjoying a cup of coffee at sunrise on your private veranda or a cool refreshment by the pool at sunset, you will be constantly drawn to the stunning vistas provided by the Batoka Gorge and the rushing waters of the Zambezi River below.

Little Gorges is perched on the edge of the Batoka Gorge next to main Gorges. This tented extension of Gorges overlooks the dramatic junction of the Dibu Dibu River and the Zambezi, where black eagles and lanner falcons nest in the sheer cliff faces. Construction of the luxury tents in this rugged, rocky and broken terrain necessitated careful planning and feats of engineering and is a wonderful alternative to the main Gorges chalets while still providing all the same comforts.
